

SAKSHAM KHADKA

MERN Stack Developer • Full Stack Web Developer • BCSIT Student
khadkashaksham07@gmail.com | [linkedin.com/in/saksham-khadka](https://www.linkedin.com/in/saksham-khadka) | saksham-profile.vercel.app | Kathmandu, Nepal

PROFESSIONAL SUMMARY

Computer Science student (BCSIT) with hands-on experience building full-stack web applications using the MERN stack. Completed an intensive 3-month MERN training program and independently shipped production-ready projects including an LMS platform with payment integration and a personal portfolio. Proficient in REST API development, JWT authentication, and responsive UI with React.js and Tailwind CSS. Currently exploring TypeScript and Next.js — eager to contribute as a Junior MERN Stack Developer Intern.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript, Dart, PHP
Frontend	React.js, HTML5, CSS3, Tailwind CSS, Redux Toolkit, Responsive Design
Backend	Node.js, Express.js, REST API, JWT Authentication
Database	MongoDB, Mongoose ODM, MySQL
Tools & Cloud	Git, GitHub, Cloudinary, eSewa API, Vercel, Render, VS Code, Flutter

PROJECTS

Web-Based Learning Management System • MongoDB • Express.js • React.js • Node.js • Cloudinary • eSewa [🔗 Live](#)

- Architected a full-stack LMS with Student, Instructor, and Admin dashboards — featuring JWT-based auth, role-based access control, and protected routes.
- Built a course management system with Cloudinary media uploads and integrated eSewa payment gateway simulation for realistic course purchase flows.
- Designed a fully responsive React.js + Tailwind CSS frontend connected to a Node.js/Express.js REST API with MongoDB for persistent storage.

Personal Portfolio Website • React.js • Tailwind CSS • JavaScript • Vercel [🔗 Live](#)

- Built a mobile-first portfolio with SEO optimization, smooth animations, dynamic project showcase, and a functional contact form — deployed via Vercel CI/CD.
- Optimized page load performance and ensured cross-device responsiveness with clean, accessible UI design.

MERN Stack Authentication System • MongoDB • Express.js • React.js • Node.js • JWT

- Implemented a secure full-stack auth system with JWT tokens, bcrypt hashing, RESTful API endpoints, React form validation, and protected routing.

Full-Stack Blog Platform • React.js • Node.js • Express.js • MongoDB

- Developed a CRUD blogging platform with Node.js/Express.js REST API and MongoDB backend, featuring full post management and a clean reading interface.

EDUCATION

Bachelor in Computer Science & Information Technology (BCSIT) • [Quest International College](#) — [Pokhara University](#) Aug 2024 – Aug 2028

- 2nd Year • Relevant coursework: Data Structures, Web Development, Database Management, Object-Oriented Programming
- Higher Secondary (+2), Management Stream — GPA: 3.46 • Strong foundation in analytical thinking and problem-solving

CERTIFICATIONS & TRAINING

MERN Stack Development Training • [Sipalaya Infotech, Kathmandu](#) 2024 – 2025

- Intensive 3-month program covering the full MERN stack — built and deployed multiple production-ready full-stack applications from database design to frontend deployment.

Flutter Mobile Development • [Code IT, Kathmandu](#) 2025

- 1-month Flutter course covering Dart, widget architecture, and cross-platform Android/iOS app development.

TEDx Quest International College • Certificate of Participation 2024

ACHIEVEMENTS & ADDITIONAL

Hackathon Winner · PLEX IT CLUB, Quest International College

2026

- Won internal college hackathon — delivered a working solution under time pressure, competing against peer development teams.

Languages: English (Professional Working Proficiency) · Nepali (Native) **Currently exploring:** TypeScript, Next.js, Advanced React Patterns
